1. Results approval Panel

1.1 The Results Approval Panel is the final step in the quality assurance process as outlined in the NLTS policy of fair and consistent assessment of learners section 6. Results approval occurs after external authentication (EA) and before the learner's work is submitted to QQI through the QBS for Certification.

1.2 The results approval process (RAP) applies to all assessments leading to a QQI award to learners. All learner results are provisional until approved by the Results Approval Panel.

1.3 It is prohibited to process learners' work for certification until the RAP process has been completed and the appropriate administrative paperwork has been completed. The Quality Manager must sign off on the group summary assessment sheet and all items signed off must be recorded in the RAP meeting minutes.

2. Role of the Results Approval Panel:

2.1 The Results Approval Panel must ensure that all assessments submitted to it are comprehensively reviewed and that an Internal Verification of the learners work and the results have taken place.

2.2 The intake/IV form NLTS 077 and an internal verification report must be completed for each group of learners being examined.

2.3 The role of the Results Approval Panel is to ensure that:

- Results are quality assured and signed off by authorised personnel prior to submission to QQI.
- Appropriate decisions are made about the outcome of the assessment, verification and authentication processes.
- Assessment procedures are observed and there is evidence of consistency amongst tutors; especially in situations where modules are taught by multiple tutors.
- There is ample evidence of record keeping and thorough application of assessment and administrative procedures.
- Records must be available to be presented as prescribed (see tutor handbook and tutor scheme of work for presentation guidelines).
- All suspected irregularities have been highlighted and reported to the quality manager.
- Issues arising from the IV are noted and will be reviewed at the programme management meeting.
- Any recheck outcomes which are unsatisfactory to the learner are reviewed– assign actions or sign off decisions.
- In the absence of particular item/s of evidence as described in the assessment brief the results, approval panel may in exceptional circumstances consider the assessor's report if appropriate alternative evidence is presented.
