

Presenter Masterclass

Course Outline

This presenter masterclass workshop is both practical and experiential – learn how to develop high energy presentations capable of showcasing a range of first-class presenting skills. Participants will enhance their presenting skills through interactive exercises, expert direction and structured feedback on their performance style. Participants will learn how to make their presentations more powerful, structured, engaging and interesting to large and small audiences. This training programme provides the opportunity to sharpen and refine public speaking and presentation skills that will benefit both participants and their audience.

On completion of this programme participants will be able to:

- Demonstrate the ability to deliver highly impactful presentations for in-person or Virtual audiences
- Practice techniques to eliminate anxiety and increase personal effectiveness
- Fine-tune content that will ensure that your presentation is outcome-focused, dynamic and memorable
- Identify issues that are likely to impact the effectiveness of a presentation
- Select appropriate presentation materials and aids to support a presentation to a large or a small audience
- Manage questions from the floor and provide considered response/feedback
- Design effective evaluation tools to evaluate the success of your meeting/presentation
- Deliver a professional, powerful and engaging presentation using proven techniques and interactive technologies
- Practice a short presentation in real-time and gain feedback from the instructor

Duration: One Day or Two Days for Clients Who Require Additional Video Recorded Feedback Sessions

Course Resources:

- Course handouts & supplementary reading materials where necessary
- Course notepaper & pens
- PowerPoints
- Certificate of attendance on completion
