

One-to-One Career Coaching

Career Coaching - What we Offer?

Our Career Coaching Services are aimed at progressive, career-minded individuals who are planning their next move in the jobs market. We offer a range of career planning packages that can be tailored to your individual needs. Confidential coaching sessions can be scheduled online (via ZOOM) or Face to Face.

If you are...

- Seeking promotion or change of direction?
- Re-entering the workforce after a period of unemployment?
- Searching and applying for positions unsuccessfully?
- Feeling stuck in your current role?
- Seeking a new career direction?

If you answered yes to any of the above questions, then a meeting with one of our experienced Career Coaches may be the solution that you are looking for.

Your Career Coach will Work With you on a One-to-One Basis to Enable you to:

- Develop a standout CV that will appeal to hiring managers in your sector
- Self-manage your career transition & promote yourself more effectively
- Showcase your skills and abilities using techniques that get you noticed
- Cultivate your professional network
- Transform your online professional presentation and amplify your social message
- Develop interviewing skills and strategies to guarantee that 'job win'

Benefits of Career Coaching

- Discover the power skills required in today's work environment
- Build confidence and define your work values
- Make informed decisions about your career trajectory
- Identify goals and build a roadmap to your destination
- Develop lifelong career skills
- Craft your story to find your dream job
